SCHEME

MANGO HILL
STATE SECONDARY COLLEGE

REAL learning for tomorrow

A note from the Principal

There are many costs associated with providing the quality educational opportunities all students deserve.

Mango Hill State Secondary College offers a Student Resource Scheme (SRS) as an economical alternative for the provision of high quality resources for our students. SRS is organised by the College and operates under the policy and guidelines of the Department of Education and Training (DoE), and is approved by the MHSSC P&C Association. Participation in the scheme is optional, however before you make your decision, please read the contents of this document to see how you are able to make savings.

Payment options are available and should you be experiencing financial difficulties please contact the Business Manager to discuss your payment options.

I look forward to your support in ensuring your student starts day one prepared and resourced for the academic challenges ahead.

Kind Regards,

Michael Rogers
Principal

Purpose of the Student Resource Scheme

Dear Parents/Carers,

This letter includes important information about the fees and inclusions for the SRS. If you have previously opted in to the SRS your participation is assumed for the remainder of your child's enrolment, unless you inform the college otherwise by completing a new participation agreement form. If you are a new parent to the College, this information will assist you in making a decision as to whether you wish to participate in the SRS.

What is provided by the Queensland Government?

The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (college grounds and buildings, internet), and administration (staff to run the college). Funding for the College does not extend to individual student resources such as textbooks, equipment for personal use, and many items used by the student in the classroom.

The SRS helps parents to source these resources. The college can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period of time are hired to students to further reduce costs for families. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources.

The types of resources that will be included are:

Owned by the student – e.g. student ID – once provided, these items are retained by the student and used at their discretion.

Hired to the student for a specific duration of time – e.g. textbooks or musical instruments – these items will need to be returned to the College in reasonable condition at the end of the hire period or if the student leaves the college.

Used in class – e.g. stationery, timber, material, workbooks – these items will be used in class. Finished products that are created from these resources will generally come home with the student.

The fee

Items provided by the scheme vary from owned, hired or used in class. Some examples are ID card, textbooks or specialised equipment, stationary items, workbooks, etc. A list of items by subject/year level is available on our website.

If you are not satisfied that the SRS fee represents good value for money based on the inclusions (over the page), you may choose not to participate in the SRS. If that is the case, please complete a new Participation Agreement Form, indicating that you no longer wish to participate. If you choose not to participate, you will be provided with a detailed list of resources that you will need to provide for the student.

The TRA

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students.

For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation as shown in the table below. Thus, the SRS invoice you receive will be the full cost of participation in the SRS minus the TRA already held at the College.

Please be aware that there may be two lines of charges on your invoice indicating the GST inclusive and GST exclusive fees depending on the resources supplied by the SRS.

Cost Breakdown

The diagram below reflects how the TRA has been deducted from the SRS fee for eligible students who have opted in to the Core SRS.

If you have opted to pay for the SRS scheme you will be invoiced for the full amount of \$280 of which can be paid in instalments of \$100.00 Term 1, \$90.00 in Term 2 and \$90.00 in Term 3 (see Key Payment Dates below).

Financial Difficulty

If you would like to participate, but are experiencing financial difficulties, please contact the College to arrange an appointment to discuss options. Any information that you provide will be confidential.

Release of resources

Resources will not be distributed until the full or first payment has been paid to the college. Any unpaid invoices will be managed according to the department's Debt Management Procedure and may result in the student being excluded from the scheme and/or from participating in extra-curricular activities until payments are made.

Return of hired resources

A repair or replacement cost will be charged to the parent for any items that are damaged or not returned.

2023 Year 7 College Requirements and BYOx iPad Device

Dear Parent or Carer,

Having the right equipment can have a major impact on a student's success in Junior Secondary. Please read the following information and help your child get off to a great start at the College.

Required Equipment

One of the biggest challenges teachers face with Junior Secondary is students arriving at college without the proper equipment for all subjects. For some students, this is a new and major organisational challenge after being used to keeping all materials in the one classroom. While they are learning self-organisation skills, we would appreciate your help with reminding students to pack their pencil case, exercise books, laptop/device and other equipment as required each morning. Please ensure all stationery items are labelled and stored in a pencil case at all times.

Stationery

We would appreciate it if you could ensure that your child starts Year 8 with the appropriate materials as outlined in the Year 8 stationery list.

Stationery description	Quantity
HB Lead Pencil	4
Plastic Clear Ruler (30 cm)	1
Sharpener	1
Eraser	1
Coloured Pencils (Pack of 24)	1
Highlighters (Pack of 5)	1
Blue Pen	1
Red Pen	1
Black Pen	1
Glue Stick (40g)	1
Scissors (200mm steel with plastic handle)	1
Exercise Book A4 96 pages (one each for English, Mathematics, Science, Humanities, Italian, Health and Physical Education, The Arts, Technology, and Access)	9
Scientific Calculator (TI-30XB Multi-view)	1
Headphones Stereo Deluxe Lightweight with Volume Control (corded only – no Bluetooth)	1

*Replacements may be required during the year

BYOx Charter

At Mango Hill State Secondary College we utilise an iPad device to enhance the learning in all of our classrooms. The College's pedagogy and curriculum is specifically designed to facilitate deeper engagement in the learning process, access higher order thinking skills and accelerate student-driven learning.

All students are expected to have their iPad at the College fully charged, with enough space to save class work and install apps and books for educational and classroom purposes. In using their iPad, all students must abide by the MHSSC Student Code of Conduct and BYOx charter.

A full App list and BYOx Charter will be distributed to those students continuing with us in 2023. Our 2023 Year 7 cohort, and any new students joining us in Year 8, 9 and 10, will receive their App list and BYOx Charter on their first day of college. Please see our website for further information.

Note that software and apps must be maintained as per charter expectations. ○ Apple Pencil / Logitech Crayon enables students to annotate on screen, take notes, sketch ideas, mark up documents and show working out and thinking during the learning process. ○ We do not recommend the purchase of a cellular enabled device. A Wi-Fi only model will reduce the cost of the device significantly without compromising the student's ability to complete college tasks. Students are required to access the internet and resources through the College's Wi-Fi network only while at the college. ○ Use of cellular data while at college is in breach of the College's Student Code of Conduct. 	

2023 iPad Accessories Yr 7 to Yr 9

An Apple Pencil or similar stylus allows students to annotate on screen, take notes, sketch ideas, mark up documents and show working out and thinking during the learning process. There are various models and price points that will allow students to engage with 'hands on' annotations across their junior subject areas. 'Palm Rejection' capacity is a highly recommended feature and model compatibility should be referenced when purchasing.
