- 1 x subject from Humanities and/or Languages
- 1 x free choice

Visual Art	Engineering principles & systems	Italian

Preference Subjects

- ▶ In addition to the four electives chosen –students must choose 2 x preference subjects
- ▶ Preference subjects are **RESERVE subjects**
 - ▶ Students select subjects they would be willing to study if they cannot be placed into their chosen electives

Why do we ask for reserve subjects?

From student selections – we build the timetable lines for both Year 9 and Year 10, which then have to sit underneath the structure of the Year 11 and 12 lines. We align our timetable with the interest of students, and the resourcing capacity of the College.

If a reserve subject is needed – we will meet with students in Term 4 to review their selections.

Making the right choice

How to Choose Subjects:

When making subject choices at any juncture throughout schooling, the subjects you choose should be ones which:

- ▶ You are interested in
- ▶ You have experienced past success in
- ▶ May lead you to your preferred career path
- ▶ May optimise your potential in future subjects (i.e. prior learning as a pre-requisite)
- ▶ Provide you with a balanced range of subjects, to support developing interests in many areas and offer flexibility for senior pathways.

Common Mistakes When Choosing Subjects:

- ▶ Choosing a subject **because your friend chose it**
- ▶ Choosing subjects **so you can avoid, or have, a particular teacher**
- ▶ Choosing a subject because **someone told you that you had to**
- ▶ Choosing a subject **because you think it will be easy**
